**Ken Gaede, AIA**

Senior Project Manager, FMD

Ken Gaede's 35 years of experience in the construction and architecture fields span a wide spectrum of roles, responsibilities, and types and sizes of projects. Ken has worked for small to large firms and owned his own design-build firm for fourteen years in Austin, Texas. His extensive experience includes filling positions as diverse as senior project manager, architect, construction superintendent, contract administrator and master carpenter. This diversified background provides him a reasonably high level of understanding, insight, and fairness in managing design and construction contracts and in resolving issues and conflicts. Ken has been in service to Travis County since June 1996.
